# Classification

- CPC, Regional Workshops, TSG
  - Does this complete our work?
- Outstanding:
  - Classification needs for pricing purposes?

# Output measurement

- Model Survey
  - Is this sufficient?
  - How should this knowledge be disseminated/shared?
  - Who should look after maintenance and redevelopment?
- Outstanding:
  - Other model surveys?

# Prices

- Collected papers
  - Is this sufficient?
  - How should this knowledge be disseminated/shared?
  - Who should look after maintenance and redevelopment?
- Outstanding:
  - More indexes - which ones?
  - Best practices

# Other topics

- Does the development of standard classification and methods for output and price measurement for services fully describe the scope of our work?
- Do other topics fit in?
  - Productivity measurement?
  - Information society?
  - Trade in Services?
  - Short-term indicators?

# Voorburg Workplan

- Determine what has been accomplished and what is left to be developed
- Develop plan for remaining development with timelines
- Get mandate clarified/confirmed by Statistical Commission regarding dissemination and maintenance
