CPC vs. CPA and NAPCS

1. CPA (section Q division 86)

Broadly similar – CPA contains some additional detail at 6th digit

Some inconsistency with NACE

2. NAPCS industry 621-2 (except 6212, 6216, and 6219)

Quite different – based on the International Classification of Disease (ICD) system

Product based indices distinguish between inpatient and outpatient
