# General structure

- 1. Descriptions and characteristics of the industry
- 2. Measurement of output/turnover
- 3. Measurement of SPPI
- 4. Evaluation of measurement
- 5. International progress (sector paper only)

# Issues revised in the CDF

- **Only a few comments – are incorporated in the new CDF**
- 1. Replacing the term “reselling” with “intermediations in services transactions”.
- 2. Only one paragraph concerning comparability between output and price data. Is moved to section 4 – “evaluation of measurement”.
- 3. In section 4 – include a note if SPPI is used by the NA.

If not, why ?

# Next steps

- Any new inputs for suggestion ?
- New CDF will distributed to all delegates at the VG 2018 meeting by mail. It Will later be published on our web-site
- **Attention new members:**  
CDF is to be followed doing industry papers concerning output or SPPI issues - and for the sector papers ( as much as possible).
